Women's Oxfords—
Attractive in Style
Perfect in Fit

During the warm Spring and Summer months no style of footwear is more appropriate in point of general utility than the oxford. This is evidenced by its continued popularity.

The difficulty is to obtain real style and perfect fit at the same time.

This difficulty is overcome for those women who wear Urz & Dunn Co. oxfords—the most stylish, the best fitting.

SUPERVISOR PETRIE 'TOO BUSY' TO MAKE EFFORTS TO LAY THE DUST

Heated Session of City Fathers Covers Number of Topics, None of Which Is Brought to Satisfactory Climax, Saving the Motion to Adjourn—Wolter and McClellan in Tilt Over Nurse's Vacation

Running the gamut of subjects, and zig-zagging back now and then for good luck, the board of supervisors at a meeting last evening did a few unexpected things. The business before the body was certainly routine. So the unexpected things came more in the form of individual criticism, which at times became almost as warm as the chamber.

Dust, vacations, speed laws—all formed the basis for the criticism of one supervisor or another. These subjects were brought up after the regular business had been disposed of. Before they were over, Supervisors Wolter and Pacheco, the two united, had taken sharp issue over the former's proposed amendment to Ordinance 11, the speed law, which Pacheco desired to see go to a committee and have it reported out as the product of such a body. Supervisor McClellan rose to censor Supervisor Wolter. He declared that Wolter had permitted the city and county nurse to take a month's vacation on pay, without conferring with the committee for its approval. Wolter defended his action, declared that such a vacation had been promised the nurse. And the upshot of the trouble was that it was referred to committee to report out on the facts of the case.

Dust, the last card played in the hot room, was thrown on the board by Supervisor Wolter, and it caused as much discussion as any of the other subjects, if not more. At any rate when they finished on it, a motion was made immediately to adjourn, which proved to be not an unpopular motion.

"I wish to ask Supervisor Petrie," began Wolter, "I wish to ask him if he has done anything about laying the dust on the streets. I wish to ask him if he has conferred with the board. Transient with regard to sprinkling the streets, or if he has done anything in the way of getting more sprinkling carts for the city's use."

Supervisor Petrie rose. Said he: "I have been too busy, I confess, to do anything further in the dust matter. I have, therefore, not seen the Rapid Transit. I remember that some time ago an effort was made to make a dicker with the company to sprinkle the streets, but it fell through. We could not fix it to have control over the wagons and direct the sprinkling. By the next meeting of the board I expect to submit a report on the subject. As I figure it now it will take 66 sprinkling carts to do the work as Mr. Wolter would have it done; we now have seven carts."

"I have received several letters complaining of the dust. One letter I got today is from a man who says he had to 'sleep in the dust' last night; but that is nothing," Mr. Mayor, I get lots of such letters."

When Supervisor Petrie sat down the subject branched off on the sidewalk sweeping phase of the dust problem, and the point was made then that this ordinance should be repealed. Wolter urged its repeal.

He said that according to the ordinance persons were prohibited from sweeping the dust from the sidewalks on the streets, which ordinance is being ignored and which, if enforced, would mean that sidewalks would not be swept. His proposition of repealing the law was not favorably received.

The following is the summary of the business of the meeting: Road committee, recommending appropriation of \$10,000 be allowed for King street. Adopted. Fire department committee, recommending kitchen be built for Makiki station and that bids for the same be called for. Adopted. Letter from Robert Horner and W. H. C. Campbell, asking permission to use Kapiolani park track for horse exhibition on Aug. 16, in place of Aug. 12, and further asking permission for track for Labor Day. Granted. From Ed. Townsend for right to sell goods at public baths, giving 20 per cent of gross receipts for concession. To roads committee. From Geo. F. Campbell and wife,

asking public baths job as caretaker. Roads committee.

From F. M. Kiley, offering \$45 a month for public baths concession. Roads committee.

From Ed. K. Fernandez, asking permission to use Kaimuki school for motion picture shows. Ways and means.

From S. Sheba, asking water pipe for Kailua park, "where plants are dying on account of the long drought and where there are no facilities for proper irrigation." Roads committee.

From F. H. Lewis, offering to open 30-foot road on his property at Wilder and Punahou streets on condition of its maintenance by city. Roads committee.

Resolutions from Supervisor McClellan for \$192 as expenses of plumbing examiners. First reading. Report from mayor on public hearing on street improvement statutes and motions made. Adopted.

Proposed amendments to Ordinance No. 11, the speed law, referred to police committee.

Adjourned to August 11 at noon.

PROGRESSIVES OUTLINE PROGRAM AT DOLLAR DINNER

(Continued from page seven)

"maternal suffragettes," she said, "for we see our duty as women toward the race, the duty of motherhood to guard the home and what it stands for."

Miss Lucy Adams, the social settlement worker of Lahaina, Maui, and a woman of part-Hawaiian birth who is devoting her life to the service of the people of Hawaii in industrial education, spoke briefly but strongly on the fundamental relations of women to the changing political order. She referred with terms of praise to Jane Addams of Hull House, Chicago, and Mary Antin, the brilliant writer who is the daughter of a Russian immigrant. "I do not think of equal suffrage from its political standpoint," she said, "but from the standpoint of its influence on us as women, what it will do to us and for us, and what it will do for the race."

R. O. Matheson, called on by Chairman Carter as a volunteer speaker, dwelt briefly on the necessity for a party in Hawaii of the type which the Progressive party, declares itself to be. He said that the time has come in local politics when truth should be told from the political stump, win or lose, and that truth has been mainly distinguished by its absence in the past. He deplored the spending of money in campaigns. He said that many in Hawaii could follow neither of the two present old-line parties. Speaks for Hawaiians.

Rev. Akiko Akama gave a short but stirring speech that aroused much enthusiasm. He spoke from the standpoint of a Hawaiian who believes that his race must rise by intellectual as well as moral education, and that the Anglo-Saxon race should assist it in its upward march. He said that he welcomed the party that did not make a distinction of color between men. "I feel that in the spirit of brotherhood, color can be dissolved and promotion rest on merit," he said.

Most of those reserving seats were at the dinner last night. The list included:

Dr. Doremus Scudder, H. M. Ballou and Mrs. Ballou, A. L. C. Atkinson, G. F. Thiel, George R. Carter, Mrs. Carter, Chester Doyle, Frank Kruger, Ray Irwin, W. W. Taylor, J. M. Bergstrom, John A. Hughes, Maj. J. M. Camara, Geo. E. Smithies, G. S. Leithhead, Earl C. Lane, J. A. Rath, John Lucas, Arthur Rice, Mrs. Rice, O. St. J. Gilbert, Geo. A. Martin, P. M. Nalua, A. P. Reis, A. M. Brown, C. A. Widemann, C. F. Peterson, Mrs. Peterson, H. C. Churchill, Riley H. Allen, Mrs. Allen, C. H. W. Norton, P. W. Bakeman, George A. Davis, H. F. Hiller, Miss Julia Vince, J. C. Quinn, Eben P. Low, C. G. Heiser, Jr., Ernest B. Clark, W. H. Hoogs, C. Andrews, Mrs. Andrews, Horace

AFTER GRIPPE OR PNEUMONIA

the enfeebled system readily accepts any disease—Nature's resistant force is depleted and Scott's Emulsion is needed. Its highly concentrated nourishment is immediately distributed to every organ.

With Scott's Emulsion nature repairs waste, constructs healthy tissue and active, life-sustaining blood.

Nothing equals Scott's Emulsion in convalescence.

Much of the so-called silk nowadays is made of wood. Germany produces more than one million pounds of this cellulose silk, worth \$1,500,000. A ton of wood worth \$10 yields cellulose worth \$20, and this cellulose yields silk worth \$850.

TIME

AND CORRECT TIME AT ALL TIMES AT A SMALL EXPENSE.

Have one of the new clocks connected with the time system just stalled by The Mutual Telephone Co. By means of one of these clocks any business house or residence may, for a small monthly rental, have the CORRECT time.

Clock Installed Free of Charge Rental Fifty Cents a Month

For a small additional cost, you may have a gong or bell attached to a clock and arranged to ring at any desired hour of the day or night.

The company also has for rent the best Time Stamp that is made. This is used for recording to the minute the time of receiving orders, employees "in and out" records, shop costs, and the stamping of anything of which the correct record of the time to the minute is desirable.

Has no connection with the telephone, but is worked by electricity and all apparatus cared for and regulated by the company.

Work! Work! Work!

"BY THE SWEAT OF THY BROW, SHALT THOU EARN THY BREAD" was the sentence handed out to Adam when he lost his job in the apple orchard.

The sentence was tempered with mercy, however, for Eve went with him, and he was not required to work all the time.

THE BUSINESS MEN OF HONOLULU ARE SERVING THEIR SENTENCES, sweat and all, these August days; but they are over-doing it.

"ALL WORK AND NO PLAY MAKES JACK A DULL BOY."

OUR ADVICE TO YOU IS:

Buy yourself and Eve a ticket by next Mauna Kea, come to Hilo and REST AND PLAY A MONTH.

Cool weather, new scenes, good service, cheap rates.

In the long run you will do more work, make more money, and be a better citizen for it.
